¹ The base document for this table is a 1-page hardcopy – origin unknown – completed through 1995-96 with last names only and some typographical errors. John R. Gray (jrgray@usgs.gov), U.S. Geological Survey, had the document scanned on May 6, 2004; corrected the obvious typographical errors; added all information after 1995-96; and added some first names based on various information sources. Other corrections made since May 6, 2004. Other corrections, updates, or other information germane to this list should be sent to John R. Gray.
